The Daily Courant.

Friday, August 3. 1722.

THE following Addreſs of the Borough of Plymouth in the County of Devon, has been preſented to His Majeſty by the Right Honourable the Earl of Berkeley firſt Lord Commiſſioner of the Admiralty, &c.

To the King's moſt Excellent Majeſty,

The humble Addreſs of the Mayor, Recorder, Magiſtrates, Common-Council, Clergy, and other Inhabitants of the Borough of Plymouth in the County of Devon.

WE your Majeſty's moſt dutiful and loyal Subjects, humbly preſume to congratulate your Majeſty on your timely Detection of the late horrid Conſpiracy, concerted to deſtroy your ſacred Perſon, and ſubvert our happy Conſtitution and Government both in Church and State.

Aſtoniſhed at the monſtrous Ingratitude and Treachery of Miſcreants who have received ſo many ſignal Inſtances of your Royal Mercy and Clemency! we cannot forbear expreſſing our utmoſt Deteſtation of ſuch vile and wicked Deſigns againſt a Prince who has no Domeſtick Enemies but ſuch as are by Principles or Practice Enemies to their Country; and we aſſure your Majeſty that we will chearfully ſacrifice our Lives and Fortunes in the Defence of your Royal Perſon, the Proteſtant Religion, and the juſt Rights and Liberties of your People.

That the Devices of your Enemies both at Home and Abroad may be always thus defeated, that your Majeſty's Reign over us may be Long and Glorious, and your Crown continue in the ſame Proteſtant Line till Time ſhall be no more, is the conſtant and fervent Prayer of

Your Majeſty's moſt dutiful and loyal Subjects.

The following Addreſs of the County of Salop, has been preſented to His Majeſty by Sir Robert Corbet, introduced by the Lord Newburgh, in the Abſence of the Earl of Bradford.

To the King's moſt Excellent Majeſty,

The humble Addreſs of the High Sheriff, Deputy-Lieutenants, and Juſtices of the Peace, for the County of Salop.

Moſt Gracious Sovereign,

WE your Majeſty's moſt dutiful and loyal Subjects, being aſſembled by your expreſs Order to preſerve the Publick Peace, and to put the Laws in Execution againſt ſuch as ſhall attempt to break the ſame, beg Leave in this Important Juncture, when the Whole of our Conſtitution is threatened, to aſſure your Majeſty of our firm and inviolable Zeal for your ſacred Perſon and Government; and that we do from our Hearts abhor the wicked Principles and Practices of thoſe who have lately entered into a deteſtable Conſpiracy, in Concert with Traitors abroad, for raiſing a Rebellion in favour of a Popiſh Pretender.

We, and all your Majeſty's good Subjects, are moved with a juſt Indignation againſt theſe Enemies of our common Happineſs; and we will to the utmoſt exert that Power your Majeſty has entruſted us with, to oppoſe and fruſtrate their horrid Deſigns, which cannot be executed otherwiſe than by Perjury and Rebellion, and will, we doubt not, end in their own Confuſion.

May your Majeſty's Reign over us be Long and Happy; may no Attempt formed againſt your Royal Perſon and Family ever proſper, are the hearty Prayers of your Majeſty's

Moſt dutiful Subjects and Servants,

Warſaw, July 17. 'As yet this Court continues diſengaged from publick Affairs; mean while the King diverts himſelf with taking the Air in his Coach, ſometimes to Bielany, Mariemont, Ujazdow, Czerniakow, and other Places. The 12th and 13th Inſtant his Majeſty performed his Devotions in the Palace Chapel, where all the Senators aſſiſted, the latter go daily to the Palace to hold their Conferences. The Grand Chancellour of Lithuania and the Palatine of Merienberg arrived here the 12th; M. Donhoff Deputy-Field-Marſhal the 14th, and the Preſident of the Tribunal of Lublin the 15th. The King had intended the Primacy of this Kingdom for the Biſhop of Cracow, but he declining it, 'tis believed the Biſhop of Ermland will have it. On the 15th Inſtant the King ſigned the Circular Diſpatches for ſummoning the Provincial Diets, which are the Forerunners of the General Diet.

Warſaw, July 25. 'The King finding himſelf a little out of Order Yeſterday, took a Reſolution, by Advice of his Phyſitians, to keep his Chamber for ſome Days. The Provincial Diets are appointed to meet on the 24th of next Month, the Chancellour of Lithuania ſet out from hence the 23d, and has taken with him the Writs for that Purpoſe. Thoſe that relate to the Great and Little Polands are already ſent to be diſtributed to the ſeveral Palatinates and Diſtricts. The King has quitted the Caſtle, in order to reſide at the Palace. The 3d of next Month is to be a Day of grand Solemnity, on which his Majeſty deſigns to diſpoſe of the vacant Offices.

Vienna, July 25. 'An Expreſs arrived here Yeſterday from Count Staremberg, the Imperial Commiſſary at the Diet of Presbourg, with Advice, that he has ſo far advanced the Affair relating to the Succeſſion with the States of Hungary, that he hopes to ſee it finally concluded in a ſhort time; the extending the Limits of the Auſtian Archduchy, being the ſole Particular which at preſent retards it, and may be eaſily removed by his Imperial Majeſty, in offering the States of Hungary an Equivalent; by which means the new Archbiſhoptick of Vienna will be maintained upon a better Foot, and with greater Dignity than at preſent. Sig. Grimaldi, the Pope's Nuncio, has communicated Letters to the Imperial Miniſters, ſetting forth that Cardinal Cienfuegos has taken ſuch Methods

'to

to render himself agreeable to the Pope, that his Holiness frequently sends for him to Audience, and has lately signified to his Eminency, the Satisfaction it would be to his Holiness, if the Emperour would confer upon the Cardinal the Character of Extraordinary Ambassadour at the Court of Rome, and especially at the present Juncture, his Holiness judging the Cardinal the most proper Person to be conferred with on special Affairs, being persuaded his Eminency knows, perhaps the best of any Person, the Interest of his Imperial Majesty. Now, the Emperour having an high Regard for this Cardinal, upon account of the extraordinary Services done by him while in Spain for the House of Austria; this considered, together with his personal Merit, and consummate Knowledge of Affairs, makes it believed no Difficulty will be made to invest him with that Character. The Count de Windisgratz, Plenipotentiary Minister at the Congress of Cambray, is appointed to be of his Imperial Majesty's Privy Council. The 23d Instant, an Image of solid Silver, weighing 700 l. being designed to represent the Trinity, was sent by the Emperour to our Lady of Maria Zell in Stiria.

Copenhagen, Aug. 1. 'It is still reported that the King of Sweden is arrived at Malmoe in Schonen, and that he designs to go through this City in his way to Germany. The Men of War continue in our Road, and none of the Crews are permitted to leave their Ships to go on Shore.

Hambourg, Aug. 4. 'The Lutheran Ministers have renewed the Religious War with the Reformed, and oppose with their utmost Force the projected Union of their Churches. They petitioned some Days ago the Magistrates against the Reformed Burghers who frequent the Church Service performed in the House belonging to the Dutch Resident; the Magistrates have also given a Copy of this Petition to that Resident, desiring his Answer.
